

ALL EFFORTS FOR COMPROMISE HAVE FAILED

RAILROAD MEN ON T. & G. LINE
WILL SOON DECIDE STRIKE
QUESTION.

"We have exhausted all efforts to effect a settlement with the railroad company, as far as a compromise is concerned, and the outlook is that no adjustment will be reached," said E. Carrigan, representing the Brotherhood of Railway Trainmen and the Brotherhood of Locomotive Engineers, yesterday. Mr. Carrigan and A. Phillips, of the Brotherhood of Locomotive Firemen, has been in consultation with the local railroad officials for several days attempting to adjust the differences.

The original demands of the company, that will become effective today, is an increase in the working day from eight to ten hours, such as it is stated, is in effect on the Southern Pacific and Santa Fe lines. The increase in hours is similar to a reduction in wages and will range up to twenty-five or thirty per cent.

Continuing Mr. Carrigan said the efforts of the committee to settle the differences in an amicable manner had failed.

"Now that further negotiations are impossible, the matter will be referred to the different local brotherhoods for their deliberation, as is required by the laws of the organization. Should the members decide to resign their positions, a strike ballot will be taken, at which all members will vote, and then the final action will come. This will not be for several days yet, and in the meantime the trainmen will continue to work.

"I desire to state that the trainmen recognize all railroads as public necessities. No action will be taken without full deliberation, as all movements are covered in the laws of the order. However, should a strike be decided upon, notice will be given the railroad officials, for it is not the intent of the employees to discomfort the public whatsoever. The boys are merely standing up for their rights and will make their demand in a gentlemanly manner.

"The organizations have become rather explicate in the methods of procedure, and a strike is the last resource. We are as anxious to avert a walkout as is the general public of this city and have exhausted all means whereby a settlement could become effected. But now it is up to the trainmen and the answer will probably be known within a week."

The new developments in the situation, which are regarded as the most important, was the arrival of fifteen strangers who were pronounced to be strike breakers, although this was denied by the railroad officials. The men, it is understood, arrived from San Francisco, and yesterday did not circulate around to any great extent.

The railroad yards were decorated yesterday with several additional incandescent lights, and portions that heretofore have been dark, were provided with lights.

The strike situation was freely discussed yesterday after the arrival of the so-called strike breakers, which seemed uncalled for on the part of the railroad people. One restaurant proprietor refused to feed the so-called strike breakers.

The railroad company purchased meal tickets for the new arrivals. Last evening the following order was posted on the bulletin board at the dispatcher's office:

Tonopah and Goldfield railroad company. Office of general manager.

Tonopah, Nevada, March 31, 1910. General Notice No. 45.

The schedule and agreement regulating and prescribing the rates of pay and working conditions of employees in the various train and engine service of this company, effective August 1, 1906, and August 1, 1907, respectfully having been terminated by required thirty days notice, and a new schedule fixing the rates of pay and working conditions for such employees, having been issued, to become effective at midnight on the 31st day of March, 1910, you are hereby notified if you fail to report for duty under the terms and provisions of said schedule, when called, on or after midnight on the 31st day of March, 1910, you will be deemed to have quit the service of the company and are hereby notified to call upon the timekeeper and receive wages

MONTANA HAS PURCHASED THREE MINING CLAIMS

ACQUIRES POSSESSION OF ODDIE-EGAN GROUP YESTERDAY.

Negotiations that have been pending for the last few weeks regarding the purchase of the "North Star," "After All," and "Miriam" mining claims, situated north of town and known as the Oddie-Egan group, were concluded yesterday when the Montana Tonopah Mining company gave a check for \$5,000 to the former owners. The deal was transacted through the Tonopah Banking corporation.

The sale would have been consummated at least two weeks ago, but the mining company desired a clear title to the property and were forced to await a power of attorney of an outside interested party could be secured. The owners formerly were T. F. Egan, Mrs. Laura Egan, of this city and Mary Griffith of Carson City. It was for Mrs. Griffiths consent that occasioned the delay.

Of the \$5,000 purchase price, \$500 went to Max Baumkerchner for a quit claim deed to the Miriam or Germania claim as it is sometimes called. Baumkerchner claimed a part interest in this section of ground. He was rather unfortunate for as soon as the sale was made his portion of the money was attached by Egan and Attorney A. R. Needles. The true ownership of the \$500 will be settled in a few days in the justice court.

The three claims adjoin the northern extremity of the Montana-Tonopah property, in which important developments were recently made. The work will be continued through the main shaft of the Montana and the newly acquired area will be thoroughly prospected.

It was stated several evenings ago that the purchase price of the claims amounted to \$30,000 and that \$10,000 had already been paid. This statement was erroneous and evidently originated in the imagination of a person who suffered an inclination to print sensational stories, irrespective of the truth.

TENT HOUSE AT ELLENDALE IS BURGLARIZED

SHERIFF OWENS LEAVES FOR
CAMP TO INVESTIGATE
ROBBERY.

Sheriff J. J. Owens yesterday received a telephone dispatch from Ed Clifford at Salsbury, Wash., stating that the tent of Mose Bahly at Ellendale had been broken into and a quantity of valuable articles stolen. Mr. Clifford stated that he was almost positive concerning the identity of the thieves.

Sheriff Owens, on receipt of the news, immediately left for Ellendale to investigate the robbery and if possible arrest the guilty persons. He should return today.

From information gathered in this city, it was learned that Bahly's tent contained several rifles and revolvers, and surveying instruments, in addition to the personal belongings, such as clothes and household effects.

The regular meeting of St. Mark's guild will be held at the guild rooms Friday, April 1st at 2:30 p. m. All members are requested to be present on account of annual election of officers.

RETURNED WITH PRISONER FROM GOLDEN ARROW

DR. A. H. ELFTMAN BRINGS IN
MAN ARRESTED BY SHERIFF OWENS.

Dr. A. H. Elftman, who accompanied Sheriff J. J. Owens to Ellendale yesterday to investigate the reported robbery at that camp, returned to Tonopah shortly after 1 o'clock this morning in one of the Consolidated cars, piloted by Frank Sellstrom. Dr. Elftman had in charge Horace Russ, who was placed in the county jail.

It was found that the tent covering the house of Bahly had been completely ripped off and taken away, along with a rifle and other goods. Ed Clifford, who discovered the burglary yesterday morning, had traveled to Golden Arrow and secured the gun, which he found in the possession of Dick Jeffries and Dell Smith. In returning to Ellendale he telephoned to the Sheriff.

When Owens and Elftman reached Golden Arrow they discerned Jeffries and Smith taking to the foothills on horseback. Russ was found at the camp of the men and taken into custody. Some of the stolen articles were also found and confiscated to be used as evidence.

Russ told a pretty straight story and from his narration it appears that he is an innocent party to the act. According to his story, he with Jeffries and Smith, left Golden Arrow Wednesday night and drove to Ellendale. The party camped at the lower edge of the townsite, and while Russ remained with the team, his two companions visited the saloon there. On returning several hours later, they carried a large bundle. The return trip was made to Golden Arrow.

row and the first that Russ knew of a burglary was when he was placed under arrest.

Quite a search was made for the two men but owing to the darkness it was impossible to locate them. The party returned to Ellendale, where the sheriff left the auto, and procuring a horse, rode back to Golden Arrow, accompanied by Jim Nagle. It is his intention to remain in the district until the two men are apprehended. There is a strong case against them, and if arrested a conviction is nearly assured.

Dr. Elftman stated that he asked Ed Clifford concerning the reported strike at Ellendale. Clifford said they had found some free gold on the surface near the original strike, but the find has not been developed. He thought, however, that the ledge was a lead from the big ledge. He was rather reticent about discussing the report, saying he favored waiting until developments had proved up the discovery.

MASONIC NOTICE.
Tonopah lodge No. 28, F. & A. M., will hold a called communication at Butler hall this Friday evening at 7:30 o'clock. Work in second degree. Members are requested to attend. Visiting brethren cordially invited.
